

Summer Art Camp Internship

Internships at Tephra ICA Summer Art Camp are a great way to gain experience working with children, develop leadership skills, and earn community service hours. We create a whimsical environment for campers to safely explore creative skills, and we rely on our Interns to help make camp a fun, creative space!

Camp Interns, guided by the Camp Instructor and Camp Administrator, will help set-up, run, and break down all camp activities. Interns will be proactive and take initiative.

Camp Interns are role models to our campers, and will actively engage in each activity, helping the campers have a great time making art. This means Camp Interns are invited to make art too! When the campers see their role models having fun, they enjoy the day all the more.

Camp Interns must commit to a minimum of one week (Monday–Friday, 8:45am–4:30pm) and can apply for additional weeks according to their availability. Camp runs from June 28–August 6. Interested individuals should submit the below application to Sarah Berenz, Education Manager, at sberenz@tephraica.org. Interns must be rising high school freshmen or older.

Application
