

Tephra ICA Summer Art Camp Internship

Tephra ICA is dedicated to promoting innovative contemporary art and thinking across exhibitions, education, and programs. We are excited to offer an opportunity in Summer 2022 for the next generation of arts education professionals.

Tephra ICA seeks interns who are organized, creative, and motivated with a desire to gain insight and experience in the arts education classroom. Interns will gain knowledge in a variety of areas, including hands-on experience in lesson planning and curriculum development for a variety of age groups, classroom management, and activity preparation.

Internships are unpaid but offer the opportunity to build professional skills and relationships with experienced arts educators. Interns will be expected to commit to at least two (2) weeks of camp based on their own availability. Tephra ICA Summer Art Camp will be held in-person in Reston, Virginia.

To Apply

Interested rising high school juniors and seniors, college, and graduate students in the arts or education field should complete the below application and email to jobs@tephraica.org.

About Tephra ICA Summer Art Camp

Tephra ICA Summer Art Camp is presented in partnership with Reston Association and offers fun, exciting art camps that encourage the development of critical thinking and creative expression. Camp themes for Summer 2022 will explore the visual arts in tandem with science, engineering, and art history.

Themes include:

My Mom Would Never Let Me Do That

Explore the possibilities of art! Using a variety of materials, this session combines scientific exploration and the creative process to create the messiest and silliest of art projects. Come make art at camp that your parents would never let you do in the house!

FUN-TASTIC Forts

In this camp, kids investigate all things 3-D! From blankets to boxes, we cover the basics of building the best forts ever! Campers will spend their days creating new spaces to explore and will come away with a basic understanding of engineering, and a fort of their own to take home!

Fibers & Friends! Tie3-Dye, Friendship Bracelets, and More

Have you ever wondered how a spider builds its web, how a bird weaves a nest, how your friend made such an AWESOME key chain? Become a wonder-weaver as we explore all things fiber – tie-dying, friendship bracelets, basketry, and more!

Wondrous World of Art

Ready, set, jet! Campers in this session will spend the week exploring different global cultures and their artmaking processes across time and space. By considering both contemporary work and traditional craft, campers will create projects inspired by the diverse art of our world.
